6. a) Mayor's Report

Mayor Bolton informed Council that he is meeting with Dwayne Muckosky on April 13, 2016 in Whitehorse to continue discussions regarding the Mayo Solid Waste Facility.

b) Administration

i) CAO Report of Wednesday March 16, 2016

a) 2016 O&M and Capital Budgets

I have been working on the 2016 O&M and Capital Budgets which are attached for Council's review and possible first and second reading of the bylaws. Discussed previously.

b) Ambulance Lease Agreement

We've been approached by Yukon Emergency Medical Services asking us for a 12-18 month extension of their lease agreement for the 234 sq ft of office space and 580 sq ft of garage space. The current lease expires on July 31, 2016. The current monthly lease fee is \$1,400.00. Is Council in agreement with extending the lease at the same lease fee or does Council want to increase the monthly lease fee? Council discussed this request and decided to extend the lease agreement to July 2017 and to keep the lease fee the same.

c) Upcoming Meeting Reminders

March 14, 2016 at 2 pm - Economic Development -North Yukon READI

March 16, 2016 at 1 pm - Meeting with Jim Tredger and Liz Hanson

March 23, 2016 at 7 pm - Meeting with YEC

April 6, 2016 at 1 pm - Meeting with Ian Davis and Damien Burns-Mun. Act Changes

d) J.V. Clark Fuel Spill Update

We received an update from Mike Fraser and Kurt Neunherz. Samples from VoM drinking water wells and YG monitoring wells have no detectable hydrocarbons in it to date. Flow direction is estimated to be in a south-easterly direction, more tests will be taken to confirm this. EHS said that VoM can reduce the testing for hydrocarbons to once per month (from once per week). For Council's information.

Mayor Bolton left the meeting at this time.

e) Cleaning Contract

The cleaning contract expires end of March. Since we have posted it last year and received only one bid, we propose to extend the contract with the current custodian for another year. The contractor is in agreement with this.

We've prepared a motion for Council's consideration.

MOTION 2016-03-17

Moved by: Trevor Ellis Seconded by: Joann Aird

Whereas The Village of Mayo has had a cleaning contract in place with Marjorie

Bryan since April 2016, and

Whereas the Village of Mayo has had no concerns with the cleaning this contractor

has provided, and

Whereas

the Village of Mayo Council discussed the continuation of the contract

for an additional year, now therefore

Be it resolved that:

The Village of Mayo Council agrees to extend the cleaning

contract with Marjorie Bryan to March 31, 2017.

Opposed: 0

Abstained: 1

CARRIED

Mayor Bolton returned to the meeting at this time.

f) AYC AGM

Registration Forms for the AYC AGM in Watson Lake, for May 12-15, 2016 are ready to be filled out. Who from Council is able to confirm their attendance, so we can get them registered? Councilor Andre confirmed that he will be attending the AYC AGM in Watson Lake.

g) Yukon Police Council

We received the annual report for April 1, 2014 to March 31, 2015 for the Yukon Police Council. For Council's information.

h) OCP Review

Following the meeting with Dennis Shewfelt we received a document from him for Council's review and discussion, in preparation for the next OCP meeting. Council reviewed and discussed the items listed in the document in preparation for the March 17th meeting.

i) Fire Hall Building

I am looking for Council's direction regarding the dimensions of the new Fire Hall building if it includes 4 bays, Fire Department Training Room, Ambulance Training Room and Office, Bank Office, Vet Office, Washrooms and Mechanical Room, and possibly a storage room. The current building is 5,346 sq ft. If we add one bay we are looking at a 6,500 sq ft building. I would like to have a rough idea about the building size prior to looking for an architect. For further discussion. Council would like to keep the building size to a minimum and look at a number of options together with the architect. The building should have an industrial look, metal siding, etc.

j) Zoning of lands subject to flooding

We received a copy of a subdivision application for a lot enlargement into a neighbors property from a local resident. We were asked to provide a letter confirming the zoning for this application. A written confirmation from the neighboring property owner was not included with the copy of the documentation provided to us.

Section 7.4 of our Zoning Bylaw talks about these two lots which are subject to flooding and that any existing development on these lots shall be treated as non-conforming use. It also states that no development shall be permitted on these lots unless the applicant can demonstrate an acceptable method of flood proofing the proposed development and completes a flood hazard waiver that acknowledges the risk and indemnifies the municipality against any future loss. I have informed the property owners of both lots of this.

The Village has an easement recorded for the warm water outfall line on one of these lots. This easement is located in the area that the person wants to expand into. For Council's information.

Council discussed this issue. Council stated that a letter can be issued regarding the current zoning of the two lots. However, as per the zoning bylaw, section 7.4, no further development will be allowed on these two lots unless the applicants can demonstrate an acceptable method of flood proofing the proposed development and complete a flood hazard waiver that acknowledges the risk and indemnifies the municipality against any future loss. Furthermore, existing developments, will be treated as non-conforming uses.

k) Future BCF projects

We received an email from Rick Kent following our meeting with him and Jennifer Macgillivray outlining the points that were brought up by Council to make improvements to future BCF projects in Mayo. Council reviewed the list and wanted to add another point to the list. The Village's preference for materials used in the project must be taken into account (e.g. a certain type of water/sewer pipe) and that the contractor will not be allowed to be substituted with an equivalent product. Council also discussed Rick Kent's inquiry if VoM wants to have BST put on the streets that had the water/sewer lines replaced last year. Council agreed that they wanted to have this done.

I) North Yukon READI Committee

Council had a meeting with YG Economic Development regarding the North Yukon READI project. Is anyone from Council interested in being on the committee?

No one from Council stepped forward to be on the committee at this time.

m) Mayo Miner Newspaper

We received a copy of a Mayo Miner Newspaper from 1937 from Roger Barclay in B.C. Council wants to send a thank you letter and a Chris Caldwell placement and mug to him.
